Check Designs

SERIES:

100 200 300 400

500 600 700

One color plus
Thermochromic
printing with same
pantograph.

Checks have a full void pantograph. The signature area has a different pantograph and printed with Thermochromic ink that disappears when rubbed or copied. Each check also contains warning bands and micro-line printing. The back is printed in gray ink and contains the standard American Banking Association Endorsement. The endorsement area also has a void pantograph and a micro-line printed border. All checks printed on Docucheck security paper.

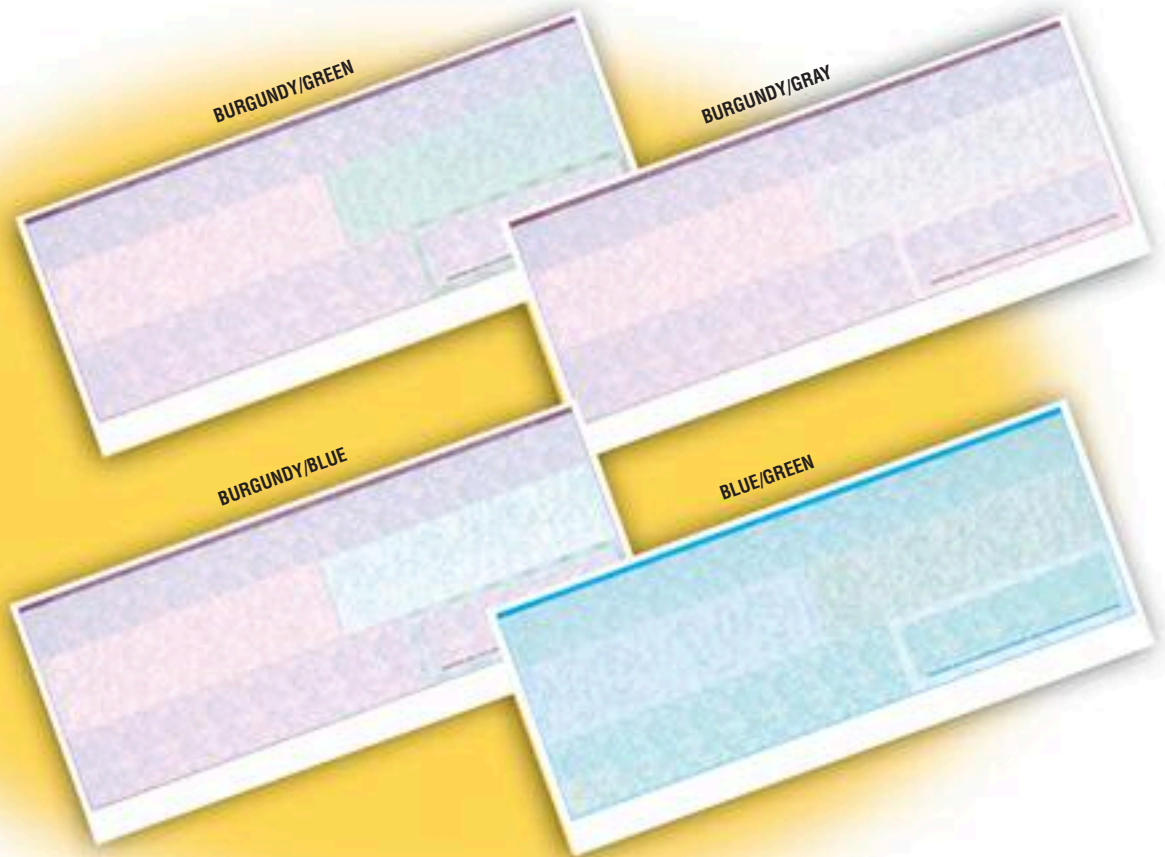

SERIES:

110 210 310 410

510 610 710

**Two color face plus
Thermochromic
printing with
alternating pantograph.**

The prismatic design is printed with two graduated colors and two different pantographs that alternate in the check face. The amount area is printed with a void pantograph. The signature area has a different pantograph with Thermochromic ink that disappears when rubbed or copied. Each check also contains warning bands and micro-line printing. The back is printed in gray ink and contains the standard American Banking Association Endorsement. The endorsement area also has a void pantograph and a micro-line printed border. All checks printed on Docucheck security paper.

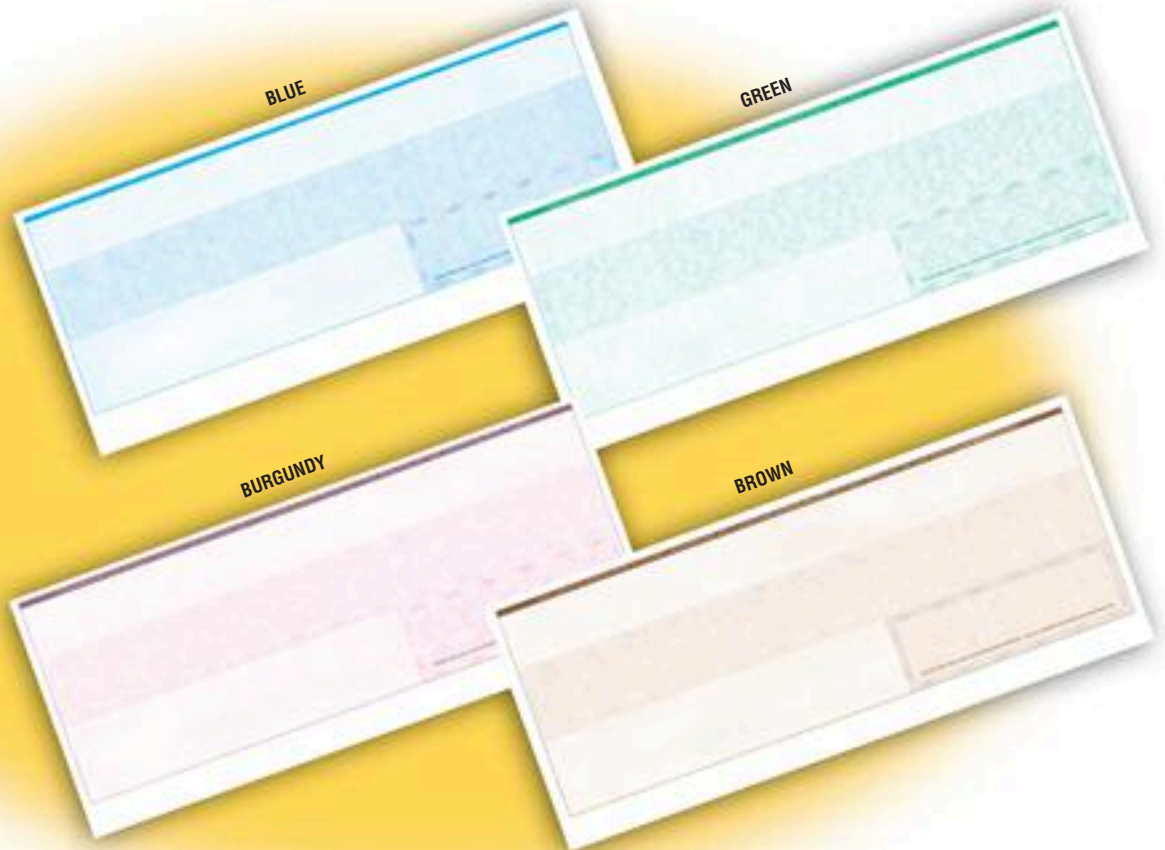

SERIES:

120 220 320 420

520 620 720

**One color face plus
Thermochromic
printing with alternating
pantograph.**

Checks have alternating pantographs across the face of the check with a full void pantograph across the amount area. The signature area has a different pantograph printed with Thermochromic ink that disappears when rubbed or copied. Each check also contains warning bands and micro-line printing. The back is printed in gray ink and contains the standard American Banking Association Endorsement. The endorsement area also has a void pantograph and a micro-line printed border. All checks printed on Docucheck security paper.
